

# Linan Speed Zane ET

Breeder:  
Megaw Family Trust

A2 A2  
**317054**  
gBW 156/65

Out of one of the premier Maungas in the country.

At 10 years old his 311 PW dam screams strength and capacity with a tremendous frame.

Zane's grandam was viewed at 15 years last season with the comment "had the pleasure of viewing" and "simply an incredible animal" with a PW of 332 to boot.

Combine this family with Speedway and expect great framed Jerseys. . This is a cow family that simply defines longevity, with Zane's dam, grand dam (still current in the herd), and great-grand dams totalling 29 lactation between them.

Also note his three nearest dams total 29 lactations.
