

# THAMES VALLEY GENETIC LEADERS

## HIGH BW PEDIGREE JERSEY BULL SALE

**PAEROA SALEYARDS**  
**FRIDAY 14<sup>th</sup> SEPTEMBER 2018 at 11.30 A.M.**

### TOTAL OF 31 BULLS

3 Jersey 2 Year Olds                      24 Jersey Yearlings  
4 Crossbred Yearlings  
BW's up to 223    BW ave. 193  
26 Bulls with BW's 180 and above

#### VENDORS

Crescent Genetics Ltd –	M G & D E Townshend	Ph 07 867 7216	22 Head
Little River Farms Ltd –	P & M R & A M Brewster	Ph 022 429 2484	9 Head

### HEALTH STATUS

- Mycoplasma Bovis certification will be available on sale day.
- The bulls and sale will be in a separate part of the saleyards. Trucks will be cleaned pre delivering bulls to the saleyards.
- All bulls have been bred by the vendors and have remained under the vendors control.
- All Bulls BVD tested and / or vaccinated.
- Herds C10 TB status

Brian Robinson: Ph 07 858 3132, 027 241 0051  
Kevin Hart: Ph 07 854 6220, 027 291 5575

Rhys Mellow: Ph 07 863 4684, 027 224 0999  
Dave Stuart: Ph 07 862 6810, 027 224 1049

**DISCLAIMER:**

All details and descriptions as to stock referred to in this catalogue or otherwise provided by the auctioneer or any other company employee or agent ("sales information") have been supplied by the Seller and have not been independently verified by the selling companies. The selling companies, its employees and agents make no representations or warranties or acknowledgement of any kind whatsoever in relation to any part of the sales information (including, but not limited to the accuracy or completeness of details and descriptions of stock and other contents).

Buyers, advisers and all other persons viewing or dealing with the stock must make their own assessment and judgement on the stock and sales information.

The selling companies, its employees and agents are not responsible or liable in any way whatsoever, whether in contract, tort (including negligence), or otherwise, to any person for any loss or damage whatsoever arising directly or indirectly from any information or representation included in or omitted from.

**ATTENTION:**

Under the Health and Safety in Employment Act 1992, we wish to bring to your attention your responsibilities while attending this on-farm sale. You are in a multi-hazard area and are requested to observe the following rules:

- All children under the age of 16 must be accompanied and under the supervision of an adult
- You are not to enter any yards, pens or races where stock are being moved or held
- Keep to the walkways or within the flagged areas provided
- Report any accident to the site office
- If you see anything unsafe, report it to the site office

The auctioneer has overall control of this site, and will ask you to leave if the above rules are not followed.

**OSH**

**Every effort will be taken by the Vendors, Auctioneers, their staff and assistants, both on the day of the sale as well as on any other visits of inspection to ensure the safety of intending buyers and visitors.**

**However we wish to advise that this is a saleyards run under normal management conditions and certain dangers exist in relation to livestock and their environment.**

**Visitors should take all care to ensure their personal safety.**

**NAIT**

**All purchasers must supply their NAIT numbers at the time of registering to purchase.**

Purchasers from outside the Waikato, please help us by contacting your local carrier before coming to the sale. This will expedite and help make delivery to you more economical.

All bulls which are sons of LIC bulls are sold on condition semen is not collected from these animals and that the purchaser will comply with clause 62 of LIC's service rules.

LIC approves the use of the bulls for natural mating.

If the purchaser does wish to use the bull for commercial AB collection, an agreement must first be reached with the General Manager of Genetics at LIC.

**Auctioneers:**

Rhys Mellow. A/H 07 863 4684 or 027 224 0999

# AUCTIONEER'S FOREWORD

The offering is again very well presented and backed by the very best of genetics. With the use of less semen, purchasers can select with confidence, knowing the breeders of these bulls have put the hard yards in to breed genetically superior animals worthy of breeding progeny from. We are confident this is the top index sale to be held this spring and with the reputation and history these herds have of supplying bulls to AB companies purchasers can bid with confidence. Likewise with the present Bio Security issues you can buy with confidence at this sale as all precautions have been taken to ensure purchaser safe guards. These bulls are all owner bred and reared.

## CHANGE TO SELLING RULES

The sale will be held outside (not in the dairy ring) with several lots offered singularly and some with purchasers having the opportunity to pick.

Below is a list of how the bulls will be penned and offered.

LOTS 1 & 2	Pick or Pair (if one selected the remaining bull will then be offered)
3 & 4	Pick or Pair
5 & 6	Pick or Pair
7 & 8	Pick or Pair
9	Single
10 & 11	Pick or Pair
12 & 13	Pick or Pair
14 & 15	Pick or Pair
16 & 17	Pick or Pair
18 & 19	Pick or Pair
20 & 21	Pick or Pair
22, 23 & 24	Pick of one or more (if two are selected the remaining bull will then be offered)
25 & 26	Pick or Pair
27 & 28	Pick or Pair
29, 30 & 31	Pick of one or more (if two are selected the remaining bull will then be offered)

This gives purchasers great opportunity to select from a matched pen or purchase their total requirements from one pen matched by the vendors.

## CONDITIONS

All bulls sold subject to the NZ Stock and Station Agents Conditions of Sale as posted in the Sales Pavilion.

**EVERY BULL A GUARANTEED BREEDER:** The entry of any bull in this catalogue constitutes a guarantee by the Vendor that the purchase price without interest expenses, costs or damages shall be refunded if a bull proves totally infertile of service. If any bull entered does not possess a reasonable fertility, although not totally infertile, any dispute shall be settled by an arbitrator appointed by the Auctioneers.

Any complaint must be lodged with the Auctioneers by the 31st December 2018. The costs of taking delivery of and returning the bull to the vendor to be borne by the Purchaser. A Veterinary surgeon's Certificate shall be produced by the Purchaser when required the costs thereof to be borne by the Purchaser.

**DELIVERY:** All purchases, as is customary, will be at BUYERS RISK FROM FALL OF THE HAMMER.

**INSURANCE:** If Transit, or Annual Insurance is required, such cover can be arranged through the Auctioneers on application.

**INSTRUCTIONS:** Purchasers are asked to sign dockets before leaving the sale and to leave full and explicit transport instruction.

**TRANSFERS:** Vendors are responsible for completion of transfers. No purchaser shall be entitled to withhold payment for pedigree stock pending execution of delivery by the vendor of the same.

**COMMISSIONS:** If it is not possible to be present, the Stud Stock specialists who are thoroughly conversant with the offering, will be glad to make selections upon specified lots according to instructions.

**Auctioneers:**

## THE JERSEY ADVANTAGE

- Milkfat will make up 65-70% of Fonterra Milk Payments this season.
- Per ha, or per unit of feed, Jerseys produce 13% more milkfat than HF.
- With the value of milkfat higher than protein + milk volume penalty advantage means that Jersey milk will receive 15-20c more per kg MS than a HF herd in the 18/19 season.

### YEAR ON YEAR REPLACEMENT RATE IS LOWER IN JERSEY COWS

	HF	Jersey
Death Rate	3.0%	3.0%
Destroyed on farms	1.0%	1.0%
Calving Damage	1.0%	0.2%
Collapsed Udder	1.0%	0.5%
Feet & Leg problems	2.0%	1.0%
Non Pregnancy Rate	14.0%	10.0%
Discretionary Production culling	2.0%	2.0%
Other	1.0%	1.0%
20% of MT's returning as preg CO's	-2.8%	-2.0%
<b>REPLACEMENT RATE REQUIRED</b>	<b>22%</b>	<b>17%</b>

- Jersey population is approx. 70% A2A2. HF approx. 45%.
- Jersey cows are well suited to 'once a day' milking systems.

*The option of running two or more high BW young Jersey bulls with your yearlings and DNA sire verifying resulting heifer calves is a genetically efficient option. It is a fast way of increasing Jersey blood in your herd. Example – Herd BW 100 and mated to top AB bulls at 220 BW = progeny BW 160. The yearlings from that herd at 140 BW mated to 200 BW Jersey bulls = progeny BW 170.*

**314042 CRESCENT EXCELL MISTY ET** BW 262  
*No.1 NZ Bull All Breeds* (LIC)  
*Mr All-Rounder – size, fertility, SCC, BSC, UO.*

 Full brother to dam of Lot 8. Maternal brother  
 to the dam of Lot 12.

**309811 CRESCENT KENYA BOUNTY** BW 193  
*Crescent is proving 6 sons.* (Liberty)  
*UO +.79*  
 His dam is a maternal sister to the dam of Lot 5.

## **2018 Thames Valley Genetic Leaders Bull Sale**

### **31 Bulls – 25 Good Reasons to buy a Jersey Bull at this sale**

1. The bulls have an average BW of 193
2. The bulls have been inspected and are of good conformation, well grown and are in good condition
3. The bulls come from herds with good health status and are all BVD tested and are bred from larger scale commercial herds.
4. Jerseys bulls will ensure ease of calving
5. Jersey service bulls are active and virile
6. Where more than one bull is run with your heifers, it is relatively easy and cost effective to DNA sample calves to have 100% parentage
7. Being able to keep calves from your 2yr old heifers (your best genetics) allows you to rear more replacement calves or reduce AB period and cost
8. Jerseys produce 8% more milksolids per hectare or per feed unit than HF cows.
9. Jerseys, despite producing less protein per cow than HF cows, produce 2% more protein per hectare or feed unit.
10. Jerseys produce 13% more milkfat per hectare or feed unit
11. Jerseys produce 15% less milk volume per hectare or feed unit
12. Under similar farming systems with the same liveweight per hectare, Jerseys produce similar amounts of meat per hectare or feed unit
13. Crossbred cattle have the advantage of some heterosis benefits above the mid point of the two parent breeds. In net returns, the crossbred mid point, plus heterosis impact, is still less than Jerseys on a per hectare or feed unit basis
14. Jersey calves historically have reputation of being difficult to rear. Over recent years Jerseys have become bigger and stronger, and modern techniques such as rotovirus vaccination and systemic colostrum tubing of calves at birth has made the task of rearing large mobs of Jersey calves easier. Beyond the first 12 months of age Jersey cattle are more “user friendly”
15. Jerseys cows have higher pregnancy rates
16. Jerseys have lower levels of anoestrus
17. Jerseys have less lameness
18. Jerseys have better mobility and move to the farm dairy more quickly
19. Jerseys have lower incidence of mastitis
20. Jersey udders hold up better because they do not carry the same milk volume
21. Jerseys create less pasture damage in wet conditions
22. Jerseys have better heat tolerance in summer
23. Jerseys have 1.5 less gestation days than HF
24. Jerseys are more suited to once-a-day milking
25. Jersey cows are easier and more pleasant to handle

The dam of this bull is amongst the very best cows bred at Crescent since the establishment of the stud in the 1950's. She could have been prepared and taken to any show in the country. She is the highest PW cow in our herd. Dam of Cr Brazen Nicety Ex5, PW 298. The sire of this young bull has been under-used in the industry and has an UO BV of +1.09. Something of an outcross with Headstart Ascend bloodlines.

The first bull to be offered for sale by the feature CRV sire Triplestar. The dam of this bull has been a very good cow and calving down again as 13yo this season. This female family is well known for breeding high BW bulls and good udders. Cr Kenya Bounty is out of one sister to the dam of this bull and Cr Nim Delta is out of another. Longevity is a feature of this family. Great grandam Cr Marvel Brunette was born 31 yrs ago - a BW today of 82 would rank very highly for a cow of that generation.

An attractive darker coloured bull with flashes of white. His dam is a full sister to NZ's No.1 BW bull, Cr Excell Misty. This bull should leave size, good udders and very high fertility.

Not the highest BW bull in the catalogue, but extremely well bred. His sire, Dominic fits the category of not being fully appreciated until after he was gone -the deeds of his dtrs have changed that. His dam is a sister to the successful proven bulls Cr OLM Vindicate – BW 230 and Cr OLM Vance BW 206

Fat %: 5.5  
Protein %: 4.1

The highest BW Jersey in our line of bulls for sale. Three dams on his bottom line all with good consistent PWs in excess of BWs. Clearly an outcross option with no Murmur, Maunga and only a touch of Manhattan beyond this 3 generation pedigree.
