LANDELL HOLSTEINS

16 MT STEWART HALCOMBE ROAD

FEILDING

FOREWORD

A very warm welcome to the 2nd Central Districts Invitational Combined Breeds Sale. We are once again very fortunate to have entries from many of the region's leading studs.

With the introduction of Ayrshire and Jersey to the sale it gives prospective purchasers a fantastic opportunity to purchase any breed with confidence that comes with the region's known shifting ability.

Very good reports have been received from last year's sale on buyers satisfaction with their purchases.

A big thank you to Karen Fitzgerald for hosting the sale once again and for her drive and determination for the continuation of this sale.

Looking forward to seeing many of you there on sale day so come along, check out the offering and enjoy a catch up with like minded people.

See you there!

The Auctioneers

Thursday 2 May 2019 at 11.00am

Sale to be held at Landell Holsteins, 16 Mt Stewart Halcombe Road, Feilding
Sale to be held under cover

51 – Holstein Friesian
3 – Ayrshire
12 – Jersey

66 Lots

EBL Free • Lepto Vaccinated • TBC10 • LIC Transfer cards available
PROSPECTIVE PURCHASERS PLEASE HAVE YOUR NAIT NUMBER AVAILABLE ON SALE DAY

Conditions of Sale

The following special conditions apply to this sale where applicable:

FEMALE GUARANTEES:

1. Every female shown as bred on a certain date, except any which may have been served within six weeks of sale, is guaranteed in-calf. This guarantee expires 28 days from the sale date.
2. Where a sale catalogue specifies a calving date and the resultant calf is not acceptable for registration by the MINDA service of the Livestock Improvement Corporation (LIC) or by the relevant Breed Society because the calf is born eleven days or more either side of the specified calving date and the paternity is not able to be verified the seller shall refund 25% of the purchase price plus GST direct to the buyer.
This clause 2 does not apply if the sale catalogue states that a bull was pastured after AB ceased.
3. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the seller subject to liability under the other clauses contained in the Conditions of Sale. The buyer has the right to retest at their own expense before delivery is made from the place of sale.
4. Where a female is offered for sale as being in-calf, without a supporting veterinary certificate and the female is subsequently proved to be empty, the buyer has the right to return the female or carry out such disposal as the seller may instruct and the seller will refund direct to the buyer the purchase price plus the return transport costs.
5. Cows sold as not in-calf at the time of sale, shall be sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the cow fail to produce a calf by the 31 December 2019, the seller shall refund in full the purchase price direct to the buyer.
6. Yearling heifers sold as unmated are sold with the guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the heifer fail to produce a calf by the 31 December 2019, the seller shall refund in full the purchase price direct to the buyer.
7. Where females are sold as not in calf, (including yearlings and calves), are flushed for embryo transfer, either with or without success, all guarantees to breed become null and void.
8. Where any female sold as being in-calf proves to be carrying a mummified calf, no liability will fall on the seller.
9. Any animal which is sold as in-calf but subsequently aborts the foetus after delivery is the responsibility of the buyer and no liability will fall on the seller.
10. Any claim to the auctioneers must be accompanied by a veterinary certificate.

GENERAL CONDITIONS:

DELIVERY: Each lot shall, immediately on the fall of the hammer, be at the risk of the buyer.

INSURANCE: If transit or annual insurance is required, such cover can be arranged through the auctioneers.

INSTRUCTIONS: Buyers must sign dockets before leaving the sale and leave full delivery instructions.

TRANSFERS: Sellers are responsible for the completion of transfers. No buyers shall be entitled to withhold payments for stock pending delivery by the seller of the relevant breed society transfer certificate or LIC Animal Location Transfer Certificate.

CATTLE FOR EXPORT: All stock sold for export are to be inspected by Official Inspectors of the Breed Society concerned prior to Export Certificates being granted for such stock. The seller is responsible for the 15% commission payable on all cattle sold for export.

PAYMENT TERMS: See Special Payment Terms page.

Notes from the vendors

LANDELL HOLSTEINS

The Landell herd has been established for 12 years with the initial purchase of my parents Denlyn herd. My breeding strategy has been to breed easy care functionally correct high producing cows that want to pay the bills. The use of some high profile well proven sires plus some interesting genomic sires make up the breeding programme. With farm ownership and finally being able to feed my cows how I want, the herd is going from strength to strength with production. The children and I love showing and this will hopefully be back next season. Anyone is welcome anytime to come and see the herd.

Regards,
Karen, Zara, Holly and Padraig

TARARUA HOLSTEINS

After over thirty plus years in the dairy industry we have made the tough decision to exit. We have always had a passion for our cows, and in more recent years have had numerous successes in the show ring and club production competitions with our Holstein Friesians. We run a predominantly grass based system and know that any of our animals would adapt well to any farming system. We are offering for sale what we feel is the best of our heifers for both production and type whilst the remainder have been sold for export. We would love to see them go to a New Zealand home that will get as much enjoyment out of them as we have had in breeding them.

Regards,
Darron and Hazel Schroder

MAIRE HOLSTEINS

Maire Farms Ltd is a Holstein Friesian stud run by the Rowe family on State Highway 1 between Sanson and Rongotea milking 670 cows. The development of strong cow families has led to a high level of success in breeding many bulls for the AI industry. We are pleased to support the Central Districts Invitational Sale and hope the lots we have entered will allow somebody to start their own cow families.

Regards,
Craig and Chantelle Rowe

MOKOIA HOLSTEINS

Welcome to this year's invitation sale. Our offering has breeding of some 40 years. Mokoia Holsteins has been run commercially over these years. Our offering has type and production and we wish the purchasers all the success we have had.

Regards,
Fred and Marilyn Blatchford

WOODVALE HOLSTEINS

This is the last that we will offer. These heifers are from good cow families by proven sires. Breeding will still be an interest to us and we hope The Woodvale cattle have done well over the last couple of years for their new owners. Thank you to Karen Fitzgerald for her help over the last 12 months.

Regards,
Malcolm, Cheryl and Sam

HAUNUI HOLSTEINS & ORIGIN JERSEYS

Haunui was formed using Bridget's original Stud name from growing up in Kaitaia. We purchased the core of the Te Kura Holstein Friesian Stud in 2016. We have used Semex A2 on the herd since then.

Origin got the name from our alternate milk supply Origin Earth, Origin Stud was formed in 2016 with the purchase of 12 in calf heifers from Peter & Kathy Horn and 30 cows from Andy Walford. This has provided a solid base for us to breed from.

Regards,
Grant and Bridget Gibson

CAMPBELLTOWN HOLSTEINS & MATAGOUREE JERSEYS

We farm on a grass based system with baleage and in-shed feeding, using a wheat, barley, maize and palm kernal blend from Denver Stock Feeds. 84 effective hectares milking 220 cows on unforgiving Manawatu clays soils. Production at the factory is at 94,000 milk solids with 100 calves reared annually. Pleased to be able to support this sale with both Holsteins and Jerseys. Wish all purchasers every success.

Regards,
Debbie and Jeremy Gloyn

We hope you all have an enjoyable day!

*Thanks to our Lely robotic milking system,
we have a higher milk yield from less cows.*

- Greg & Amy Gemmell, 240 cows, Manawatu.

Lely Astronaut robotic milking open day

When: Tuesday 30 April 2019

Where: 603 Campbell Road,
Bunnythorpe, Manawatu

Time: 10.30 am - 2 pm

BBQ lunch provided

**Bright farming is yours by choice.
See how a Lely Astronaut robotic
milking system can give you a
complete overview over your
farm's operations.**

**Contact Trevor Ward, Lely Center™
Manawatu for more information -
021 921 048 or tward@lely.com**

A dam line that has been bred by us, not sure where the Jersey in her ancestry comes from as we have used Friesians exclusively for the last 30 years. Her Granddam was a very high producing cow who calved early every year. Heifers pastured with Angus and jersey bulls from 23/10/18 to 10/10/19

P001.50

A lovely type heifer that we had good success with in the show ring last season. She was placed 3rd in the Junior calf All breeds class at the 2018 NZDE. Masterton A&P show she was 1st place junior Holstein and 1st placed junior All breeds calf, Honourable mention Junior Holstein and Reserve Champion Junior All breeds. Her dam is a beautiful type and great producer in our herd

LOT 54

Calved 09/03/19 Check is one of the best cows I can put up for sale, she has everything going for her. A fantastic pedigree and the longevity the Casey Family are known for. She was honourable mention at Dairy Event as a calf, as well as winning numerous other shows. We are happy to milk her until the spring if you would like.

Feeding Animals Since 1850

0800 MR FEED

Sweet Calf Meal Range

Sweet Calf Premium 19% Meal

If your looking for an alternative to pellets which the calves will love then a meal is a great option. Is to be used along side the milk replacer products to give a balanced nutritional intake from 4 days old onwards to weaning. It has essential oils, vitamins & mineral premix and a coccidistat to give calves the best possible start.

Available in 25kg Or 500kg bulk bags.

Sweet Calf Premium 19% Pellets

If you require a pelleted product for feeding system then use these along with Milk replacer products to give a balanced nutritional intake from 4 days old onwards to weaning. It has essential oils, vitamins & mineral premix and a coccidistat to give calves the best possible start.

Available in 25kg Or 500kg bulk bags.

Sweet Calf Finisher 16% Pellets

When looking at finishing calves and need a cheaper alternative then finisher pellets are a great alternative to give a balanced nutritional intake when closing in on that weaning stage and beyond. It has essential oils, vitamins & mineral premix but without a coccidistat.

Available in 25kg Or 500kg bulk bags.

Hipro Energy

GMO & PKE Free! Great value and effective use of products that create a high energy, starch and protein feed. Customizing with PKE, more energy, starch, protein or minerals available.

Available in 900kg bulk bags.
