Lynrich Forward

We purchased 100 hectares in 1993 at 71 Motumaoho Station Road, over the years we built the farm up to 230hectares, milked 740 jersey cows through a 48 bale internal rotary, in 2013 we built a herringbone and split the farm into 2 smaller units, we run the home farm of 330 jersey cows, a 21% sharemilker runs 390 jerseys. We have a cross bred herd of 360 cows on Piako Road as well. All the bulls in this sale have come from the 2 Jersey herds only.

All the jersey bulls are reared by Natalie and Megan, our 2 daughters. The bulls at weaning (>100kg) are transported in our own stock truck to our grazing property at 200 Luck at Last Road Karapiro where Simon, our son, manages the grazing of all the bulls and all our replacement heifers.

We run a low cost grass system, with only maize and fodder beet crops grown (on farm) for the milkers. We averaged 372kgs/milk solids per cow last season, when we dried of earlier (14th April; 246 days in milk). We have great herd fertility with only 6% empty rate over 12 weeks of mating (all AB). We do AB on our heifer replacements to get faster genetic gain then run our own top bulls with these heifers and keep their progeny also.

We have been working on herd BW/PW for many years, our home herd has finally got to top 5 in NZ for both traits: 178 BW PW 230, now we are concentrating on breeding size, udder conformation and TOP excellent type cows. Last year we had 7 heifers selected for the Jersey Genome program, this year we have 10 selected. Each year several Contract Mating cows are selected from LIC and Ambreed, but we are still to get bulls further then just the purchase, by both companies. This is our next big goal.

Richard and Christine Lansdaal and Family

Catalogue Forward

It is our pleasure to welcome farmers to the Lansdaal families 3rd Annual Lynrich Bull Sale.

One can not help but be impressed by the sheer enthusiasm of the whole family toward their cows, young stock and properties. Their desire to do everything right to the best of their ability has produced well run properties and one of the highest BW herds in the country.

Their ambition is to present quality well grown, well conditioned, quiet high BW, low risk bulls to the buying public and no expense or effort is spared to achieve this goal.

Buyers can have full confidence in the offering- genuine stock from genuine people.

ALL BULLS

Bred/Reared/Grazed on our own properties

TB Tested (Herd Status C10, EBL Free) BVD tested negative and double vaccinated, leptos vaccinated.

Ollie Carruthers - 0274 515 312

Ross Riddell - 0272 111 112

LIVESTOCK
Linking Buyers and Sellers

DISCLAIMER:

The information printed in this catalogue is derived from data supplied by the vendors and stored in the National database. Although every care has been taken to ensure accuracy in the production of this catalogue, the vendors, the vendors' agents, the Auctioneers or its agents, LIC, its subsidiary or its agents who collect, process or publish the information supplied; and the printer do not take any responsibility or liability for any errors, omissions or misstatements contained herein.

OSH:

Every effort will be taken by the Vendors, Auctioneers, their staff and assistants, both on the day of the sale as well as on any other visits of inspection to ensure the safety of intending buyers and visitors. However, we wish to advise that this is a farm run under normal management conditions and certain dangers exist in relation to livestock and their environment. Visitors should take all care to ensure their personal safety and children must be supervised at all times.

CONDITIONS OF SALE

FEMALE GUARANTEE: Every female shown as bred on a certain date, except any which may have been served within six weeks of the sale, is guaranteed in-calf. Every female where shown as pastured with a bull is guaranteed in-calf. This guarantee expires five weeks from day of sale.

Where this catalogue specifies an expected calving date (other than a pastured with bull expected calving date), and that date later proves to be completely inaccurate, the Vendor shall refund 25% of the purchase price direct to the Purchaser. As a basis of arbitration a period of fourteen days either side of specified calving date shall constitute the maximum tolerance allowed for calving. The 25% refund shall not apply where pastured with bull details and dates are printed in this catalogue, unless it is specifically stated that the specified calving date guarantee is to apply.

The foregoing conditions shall apply only after the following guarantees:

1. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the Vendor subject always to liability under other clauses contained in the Conditions of Sale and the Special Conditions of Sale. The purchaser has the right to retest at his or her own expense before delivery is made from the place of sale.
2. Where a female is offered for sale as being in-calf, without a supporting Veterinary Certificate and the female is subsequently proved to be empty the Purchaser has the right to return the female to the Vendor or carry out such disposal as the Vendor may instruct and the Vendor will refund to the Purchaser the purchase price plus the transport costs only.
3. **Mummified Calf:** Where any female sold as being in calf proves to be carrying a mummified calf, no responsibility is to be born by the Vendor.
4. **Yearling Heifer Guarantee:**
 - a) Yearling Heifers sold as unmated, are sold with the guarantee to breed. The term to breed shall constitute to produce a calf, dead or alive. Should the heifer fail to produce a calf by 31 December 2018, the Vendor shall refund in full the purchase price.
 - b) Where a yearling heifer is sold as unmated, this constitutes a guarantee that the heifer is not in-calf as at the date of sale.
 - c) The use of MOET or IVP reproductive techniques on a female after purchase completely negates the breeding warranty.
5. Any complaint to the Auctioneers must be accompanied by a Veterinary Certificate; word of mouth will not be sufficient proof.

DELIVERY: All purchases, as is customary, will be at BUYER'S RISK FROM FALL OF THE HAMMER. **INSURANCE:** If Transit or Annual Insurance is required, such cover can be arranged through the Auctioneers on application.

INSTRUCTIONS: Purchasers are asked to sign dockets before leaving the sale and to leave full and explicit transport instructions.

TRANSFERS: Vendors are responsible for completion of all transfers. No purchaser shall be entitled to withhold payment for pedigree stock pending execution of delivery by the Vendor of the transfer of the same, registerable in the Stud Book.

COMMISSIONS: If it is not possible to be present, the Company's Stud Stock Specialists who are thoroughly conversant with the offering will be glad to make selections or bid on specified lots according to instructions.

TERMS: Payment by 10 days following date of sale.

OTHER CONDITIONS: The sale is also subject to the general conditions of sale displayed at the sale.

getting to the **grass**
roots of your pasture

“ **When it comes to getting my cropping and pasture programme right, working with Smart ticks so many boxes:**

Good knowledge based on practical on-farm results; Work with my on-farm requirements; Prompt delivery; Follow up and help with weed/insect problems etc (timely, effective advice); Pleasant to deal with; Seed treatments to support the growth. ”
