## YOU WILL KNOW THE TIME WHEN IT'S TIME

I Remember a speech from SIR IAN BOTHAM in 1993 when he was sober, telling me you will know the time when its time to move on from a career in which you have been involved in for so many years (40plus in my case in dairying). Never forgotten his talk and now know the time is right to move on to new ventures. But fear not, I may call in and see the cows in their new homes where able.  
"Wishing the JERSEY cow all the future she deserves"
