## Rules:

1. All competitors must be 21 years of age and under.
2. Calves must be eligible for registration by the respective breeds.
3. All leaders of cattle must be in accepted breed uniform while exhibiting calves.
4. Exhibitors must follow the biosecurity obligations stated below.

## Exhibitors Biosecurity Obligations:

- Provide a TB Animal Status Declaration Card. This is a legal requirement for all animals being moved. All animals entered must be accompanied in transit by a signed and dated TB Animal Status Declaration Card showing a TB clear status in accordance with present legislation. Animal individual numbers must be included on the TB test sheet.

These cards may be inspected at the unloading area.

- Animals on properties under any suspicion of exposure to Mycoplasma Bovis should not be transported to show and events.
- Animals showing clinical signs of ANY disease should not be transported to shows, as per normal biosecurity practice.
- Make sure your cattle are tagged and registered with NAIT.
- Keep your NAIT movements up-to-date and accurate and record movements to and from the event. This can be done up to 48 hours before show day and a tick box is available to indicate that the animal will be going home after the show which automates the sending movements back to the house farm.
- Practice good on-farm biosecurity and clean and disinfect outerwear, boots and equipment before attending a show or event. On your return clean and disinfect again before taking outerwear, boots and equipment back onto your farm.
- For more information refer to guidance on [mpi.govt.nz/bovis](http://mpi.govt.nz/bovis).
