Catalogue Foreword

Along with the Lansdaal Family we welcome you to the 5th Annual Lynrich Jersey Bull Sale.

The bulls are ahead of last years weights and considering they are farmed on some steep country should be up to Olympic fitness standard.

This line of bulls can take their place on the dais for growth, condition and temperament.

A line of 15 well grown and bred 2 Year bulls have been included along with the Yearling bulls.

As usual the Lansdaal's have followed best practice in all facets of their operation, enabling buyers to purchase with confidence.

Lynrich Foreword

Welcome to our 5th annual sale.

We are proud of the Jersey bulls we have on offer and we hope there is something for everyone. We have selected out 60 Bulls for our elite sale which come with 3GPs and A2A2 test results. We are also offering 15 rising 2yr Bulls and a further 140 Yearling Bulls

The bulls have been progressing well this season with good growth rates. We have fine tuned a few things on farm which result in better grown bulls. Better quality grass silage was fed this season and a meal mix was fed for longer when the bulls were weaned and trucked to grazing. We fed some meal through till May. We hope our hours of feeding these bulls will show in their size, temperament and coat. We ensure our bulls have pour on and are weighed regularly; we also Smart shot (long acting B12) all our animals to ensure their B12 levels are good and we get good growth rates from it. These bulls are all fully vaccinated for BVD and Lepto. They have been TB tested and are from a closed herd so you can buy these bulls in confidence.

We are a family owned and run operation. Along with ourselves (Richard & Christine) our three children are all involved in this business with us. Natalie and Megan are at home on the dairy farm with us helping rear the calves and get everything done there. Simon, Nicole and their two children (Levi nearly 3 & Rylee nearly 1) are getting more involved with the grazing block. We have created a new company to involve Simon and Nicole (SNL Limited).

The sires for these bulls were hand selected by Natalie and Megan and we are focusing on udder support, stature, fertility and capacity. We choose each cows mating's by improving their lower BVs and also not inbreeding.

The last season saw two of our 2020 born bulls purchased by AI companies. LIC & CRV purchased one bull each and we hope to see them make it through the ranks. So keep your eyes out for LYNRICH OMNIBUS YAHOO JG (CRV) and LYNRICH CARRICK TRANCE (LIC). One bull was offspring of the Jersey Genome programme. We are lucky enough to have a number of females selected each year into this programme. Some bulls in this catalogue are offspring of the Jersey Genome programme, some with outcross sires. We also have a number of LIC contract mated females and we were so thrilled to hear one bull finally made selection.

If you are looking for something a bit different we have bulls sired by young LIC bulls in the sire proving scheme; and next year we have some Danish calves sired by Hiwe, Hazard, Gislev. We are really looking forward to rearing these calves and seeing how they progress. So if you are wanting an out-cross keep your eyes peeled for our 6th annual sale catalogue coming your way in 2022.

Regards
Lansdaal family

ALL BULLS

All Bulls are: Bred/Reared/Grazed on our own properties, TB Tested (C10, EBL Free), BVD tested negative and double vaccinated, Lepto vaccinated.

Working with Farmers for Farmers

LINK LIVESTOCK Ltd
Linking Buyers and Sellers

DISCLAIMER:

The information printed in this catalogue is derived from data supplied by the vendors and stored in the National database. Although every care has been taken to ensure accuracy in the production of this catalogue, the vendors, the vendors' agents, the Auctioneers or its agents, LIC, its subsidiary or its agents who collect, process or publish the information supplied; and the printer do not take any responsibility or liability for any errors, omissions or misstatements contained herein.

OSH:

Every effort will be taken by the Vendors, Auctioneers, their staff and assistants, both on the day of the sale as well as on any other visits of inspection to ensure the safety of intending buyers and visitors. However, we wish to advise that this is a farm run under normal management conditions and certain dangers exist in relation to livestock and their environment. Visitors should take all care to ensure their personal safety and children must be supervised at all times.

CONDITIONS OF SALE

FEMALE GUARANTEE: Every female shown as bred on a certain date, except any which may have been served within six weeks of the sale, is guaranteed in-calf. Every female where shown as pastured with a bull is guaranteed in-calf. This guarantee expires five weeks from day of sale.

Where this catalogue specifies an expected calving date (other than a pastured with bull expected calving date), and that date later proves to be completely inaccurate, the Vendor shall refund 25% of the purchase price direct to the Purchaser. As a basis of arbitration a period of fourteen days either side of specified calving date shall constitute the maximum tolerance allowed for calving. The 25% refund shall not apply where pastured with bull details and dates are printed in this catalogue, unless it is specifically stated that the specified calving date guarantee is to apply.

The foregoing conditions shall apply only after the following guarantees:

1. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the Vendor subject always to liability under other clauses contained in the Conditions of Sale and the Special Conditions of Sale. The purchaser has the right to retest at his or her own expense before delivery is made from the place of sale.
2. Where a female is offered for sale as being in-calf, without a supporting Veterinary Certificate and the female is subsequently proved to be empty the Purchaser has the right to return the female to the Vendor or carry out such disposal as the Vendor may instruct and the Vendor will refund to the Purchaser the purchase price plus the transport costs only.
3. Mummified Calf: Where any female sold as being in calf proves to be carrying a mummified calf, no responsibility is to be born by the Vendor.
4. Yearling Heifer Guarantee:
 - a) Yearling Heifers sold as unmated, are sold with the guarantee to breed. The term to breed shall constitute to produce a calf, dead or alive. Should the heifer fail to produce a calf by 31 December 2021, the Vendor shall refund in full the purchase price.
 - b) Where a yearling heifer is sold as unmated, this constitutes a guarantee that the heifer is not in-calf as at the date of sale.
 - c) The use of MOET or IVP reproductive techniques on a female after purchase completely negates the breeding warranty.
5. Any complaint to the Auctioneers must be accompanied by a Veterinary Certificate; word of mouth will not be sufficient proof.

DELIVERY: All purchases, as is customary, will be at BUYER'S RISK FROM FALL OF THE HAMMER.

INSURANCE: If Transit or Annual Insurance is required, such cover can be arranged through the Auctioneers on application.

INSTRUCTIONS: Purchasers are asked to sign dockets before leaving the sale and to leave full and explicit transport instructions.

TRANSFERS: Vendors are responsible for completion of all transfers. No purchaser shall be entitled to withhold payment for pedigree stock pending execution of delivery by the Vendor of the transfer of the same, registrable in the Stud Book.

COMMISSIONS: If it is not possible to be present, the Company's Stud Stock Specialists who are thoroughly conversant with the offering will be glad to make selections or bid on specified lots according to instructions.

TERMS: Payment by 10 days following date of sale.

OTHER CONDITIONS: The sale is also subject to the general conditions of sale displayed at the sale.

Linking Buyers and Sellers

Dam of Lot 4. She is a damn good cow, and we used her son last year on our herd, and are selling him as a 2 year old in the sale. His BW is above 300.

Although Jersey on records, this bull has a dark coat. LIC was interested in his genetics, and he shows great production BV's. His dam is also dark coated and one of our favourite cows, that produces very well BW 271 PW 357 LW 392.

The information on this report is as recorded on the LIC MINDA database as at date of print, and LIC does not warrant the accuracy of the information provided

P001.50

Getting to the grass roots of your pasture

When it comes to getting my cropping and pasture programme right, working with Smart ticks so many boxes:

- Good knowledge based on practical on-farm results;
- Work with my on-farm requirements; Prompt delivery;
- Follow up and help with weed/insect problems etc (timely, effective advice); Pleasant to deal with; Seed treatments to support the growth.

— Richard Lansdaal, Morrinsville

High BW bull with good producing family lines behind him. Dam is also a nice tidy cow. We were very gutted to lose the grandam due to illness.

Bull from a Jersey Genome programme mating.
The dam has performed well in her first lactation
and we are excited to see how she does this
season. She scored a 85VG at TOPs.
Protein BV of 11 and fat BV of 27 cant go wrong.

Dam of this bull has lasted the years. She is still in our herd as a 12 year old; and is still a very tidy cow and doesn't look her age. The longevity runs in the family; as her dam did 9 seasons and her dam did 7 seasons.

Bull from a TOP Excellent dam.
Also a very high BW bull by Hoss, and the dam comes from one of our own Terrific sons
