Jersey In-Calf Heifers	43	Friesian In-Calf Heifers	14
Ayrshire In-Calf Heifers	3	Milking Shorthorn In-Calf Heifers	3
Crossbred In-Calf Cows	3	Crossbred In-Calf Heifers	1
Total			67

Vendor Foreword

What a difficult season it has been. A bit too much of a good thing in terms of rainfall, I write this in the immediate aftermath of Cyclone Gabrielle. Quite a bit of damage here - trees down, riparian fences done or buried, slipping and track washouts. We reduced it with some run-off preparation but compared to further up the eastside - nothing. Thankful to be a dairy man, not an orchardist or cropper.

Poor dear Jacinda found that people didn't appreciate her being "kind" to them and had to get out of the kitchen now that it's getting a bit hot. As is the planet apparently. But once we get taxed for methane and get rid of most of our cows, the climate will improve immediately!

Having said that our annual draught of heifers will be worth NOT getting rid of. Last seasons production register is not out yet, a ring around of last seasons sale, Jersey heifers and previous ones gave an average LW of 248 for 48 heifers and cows. 1 slip, 1 udder blown off and 1 culled for temperament, encouraging, because many of the bigger, better ones have not been tested.

Classification and T.O.P continue to track well. 28 2yr old and reclass, Holstein Friesians had an U.O of 7.2 ave. and a

DC of 7.3 ave. including 1 excellent. 32 4yr old and reclass Jersey's had an ave. U.O of 7.5 and ave. DC of 8.5 including 11 excellents.

Over the page is a photo of the herd pasture harvesting on a slope of about 50° and ridgetop. On this country and the broken valley flats of the Makotuku stream they produce over 1000kg ms/ha, 360kg s/cow average on OAD with no in shed concentrate feeding and less than 10kg N/ha as fertiliser. If any vegans pick up this catalogue by mistake, this is why the ruminants are the most valuable animals on the planet – converting fibrous herbage on uncroppable land into meat and milk. If we get to 9 billion people, we will be more dependent on them – not less.

Most of our land we should be planting in pine trees for carbon credits or selling to big corporates to offset their fossil fuel emissions: If we were good business people. But the concept deeply offends me.

Thank you buyer and I hope you continue to get good value for money.

**All the best,
Norm Atkins**

Auctioneers Foreword

Welcome to the 2023 edition of the Kohitiata and Edenmore Studs' sale.

Norm's Foreword again makes entertaining reading with his

take on politics, environment, farming and the weather. He is as passionate on animal genetics as on the aforementioned subjects. Chippie might well take the time to read it and better still make a visit on sale day.

Although the winter and spring weather has been very challenging in Atkins Country, this years sale

offering will come forward in very good condition, no mean achievement.

Previously sold heifers have again proved value for money and with the additional condition on this years offering, it should contribute to even bigger and better performance.

It is an interesting place to visit and cattle to match.

bidr®

This sale will be hosted by bidr® (www.bidr.co.nz) as a sequential auction.

- For all intending purchasers, you must register on bidr® in advance of the sale date, by visiting the website and using the “sign up” button, adding your contact information and nominating the agency you would like to purchase through and the account held with that agency. Alternatively, you can organise an agent from one of the agencies listed on bidr® to buy on your behalf.
- The bidr® team is always available to help purchasers get signed up and registered, and the HelpDesk is proudly managed in-house from Ruakura.

Please call 0800 TOBIDR(0800 86 2437), or email enquiries@bidr.co.nz for assistance at any point.

Link Livestock Limited Payment Terms

- Payment for all livestock to be made within 10 days after sale date to: **ASBa/c 12-3268-0066100-00**
 - Penalty interest rate of 21%per annum will apply to all late payments.
 - LLL registered office 121 Sinclair Terrace, Te Awamutu 3800
-

bidr® is here.

DISCLAIMER:

The information printed in this catalogue is derived from data supplied by the vendors and stored in the National database. Although every care has been taken to ensure accuracy in the production of this catalogue, the vendors, the vendors' agents, the Auctioneers or its agents, LIC, its subsidiary or its agents who collect, process or publish the information supplied; and the printer do not take any responsibility or liability for any errors, omissions or misstatements contained herein.

OSH:

Every effort will be taken by the Vendors, Auctioneers, their staff and assistants, both on the day of the sale as well as on any other visits of inspection to ensure the safety of intending buyers and visitors. However, we wish to advise that this is a farm run under normal management conditions and certain dangers exist in relation to livestock and their environment. Visitors should take all care to ensure their personal safety and children must be supervised at all times.

CONDITIONS OF SALE

FEMALE GUARANTEE: Every female shown as bred on a certain date, except any which may have been served within six weeks of the sale, is guaranteed in-calf. Every female where shown as pastured with a bull is guaranteed in-calf. This guarantee expires five weeks from day of sale.

Where this catalogue specifies an expected calving date (other than a pastured with bull expected calving date), and that date later proves to be completely inaccurate, the Vendor shall refund 25% of the purchase price direct to the Purchaser. As a basis of arbitration a period of fourteen days either side of specified calving date shall constitute the maximum tolerance allowed for calving. The 25% refund shall not apply where pastured with bull details and dates are printed in this catalogue, unless it is specifically stated that the specified calving date guarantee is to apply.

The foregoing conditions shall apply only after the following guarantees:

1. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the Vendor subject always to liability under other clauses contained in the Conditions of Sale and the Special Conditions of Sale. The purchaser has the right to retest at his or her own expense before delivery is made from the place of sale.
2. Where a female is offered for sale as being in-calf, without a supporting Veterinary Certificate and the female is subsequently proved to be empty the Purchaser has the right to return the female to the Vendor or carry out such disposal as the Vendor may instruct and the Vendor will refund to the Purchaser the purchase price plus the transport costs only.
3. Mummified Calf: Where any female sold as being in calf proves to be carrying a mummified calf, no responsibility is to be born by the Vendor.
4. Yearling Heifer Guarantee:
 - a) Yearling Heifers sold as unmated, are sold with the guarantee to breed. The term to breed shall constitute to produce a calf, dead or alive. Should the heifer fail to produce a calf by 31 December 2023, the Vendor shall refund in full the purchase price.
 - b) Where a yearling heifer is sold as unmated, this constitutes a guarantee that the heifer is not in-calf as at the date of sale.
 - c) The use of MOET or IVP reproductive techniques on a female after purchase completely negates the breeding warranty.
5. Any complaint to the Auctioneers must be accompanied by a Veterinary Certificate; word of mouth will not be sufficient proof.

MALE GUARANTEE: The entry of any bull in this catalogue constitutes a guarantee by the seller that the purchase price without interest, expenses, costs or damages shall be refunded if notice of fertility or failure to breed is accompanied by a veterinary certificate and MUST be in the hands of the vendor within four months of delivery. Where a bull is not a breeder the purchase price without expenses will be refunded. The cost of taking delivery and returning the bull to the seller is to be borne by the buyer.

DELIVERY:	All purchases, as is customary, will be at BUYER'S RISK FROM FALL OF THE HAMMER.
PRICING:	All animals are sold in NZ dollars exclusive of GST, unless otherwise stated.
ONLINE PURCHASING:	You should only place a bid if you intend to buy the animal on offer at the price entered. If you place the winning bid where an Agency has agreed to accept the charges for any purchases made by a user in an Auction, charging will be applied to that agency for all lots purchased by the user in that Auction.
INSURANCE:	If Transit or Annual Insurance is required, such cover can be arranged through the Auctioneers on application.
INSTRUCTIONS:	Purchasers are asked to sign dockets before leaving the sale and to leave full and explicit transport instructions.
TRANSFERS:	Vendors are responsible for completion of all transfers. No purchaser shall be entitled to withhold payment for pedigree stock pending execution of delivery by the Vendor of the transfer of the same, registrable in the Stud Book.
COMMISSIONS:	If it is not possible to be present, the Company's Livestock Agents who are thoroughly conversant with the offering will be glad to make selections or bid on specified lots according to instructions.
TERMS:	Payment by 10 days following date of sale.
OTHER CONDITIONS	The sale is also subject to the general conditions of sale displayed at the sale.

Three from the exceptional type and production Brookvale Honeysuckle/Honeybee family tat are doing it for us and others.

An Example would be the heifer sold to Emslie's from our ex top cow K. Interflora Ex when she was a 2yr old named K Rua Frosty (2nd Gen home bred bull), she did great production for the Emslie's and has since left two very good young cows LW 370 & 225 at 3 & 2yrs for Graeme Emslie of Rangeview.

P001.50

14 Holstein Friesian Heifers

10 Polled – Some will be homozygous

All In-calf to what should be homozygous polled bull. See 3GP's towards the back of the catalogue. I think they are too good to go to the Chinese market as they have in recent years.

I have no records of heifers from previous sales and the Holstein Friesian Performance register is also not out, except for E. Firey Alice on LW 407 for the Gloyn's – Thanks Jeremy.

Lot 51 | Edenmore Polar Lovely S2F | DGRR-21-209

The manager doing a pasture cover assessment and hare patrol. He worries how we are going to get methane below, 0017% of the atmosphere by 2030, and confused as to why some scientists say it is 25x more potent as a greenhouse gas than CO2 and others 85x worse.

NOTES ON SERVICE BULLS

Kohiti Monarch P - FOR SALE

A bull that is a bit of an outcross from most NZ polled Jersey genetics. Three generations of my all time favourite lovely cows behind him.

Kohiti Holyoake P - FOR SALE

Calves are 25% chance of being Homozygous polled. Miss Holly is a big powerful cow. This bull is similarly capacious and grunty hence his use as a yearling. 3rd generation Ex cow family.

Crescent Win Mountie & Crescent Chief Mendoza

The dam of these two brothers is a bit of a standout in one of the Crescent herds. The grandam also stands about 15cm taller than the average cow there. The Winston is a magnificent compact unit and the Chief is tall and sharp. Hopefully both will throw the udders of Skippy Mel who has a top Ex standard udder at 6yrs.

Edenmore Huiarangi S3F

Should be homozygous polled. Another bull from the Tui/Huia family that has previously left very good bulls.

Edenmore Lucky Josh P

This bull is starting the process of polling the Ayrshires with 50% Red Factor Holstein Friesians. From the hard working Southwind GG Jessica family.

Edenmore Flame P

By a red and white Homozygous polled Norse bull.

Please endeavour to rear and record calves born to these sires. They have added a new dimension to our herd over many years. Josh Sneddon kept a Bellringer from K Integral Zen-Tahou Bells Zen 7-8 with a PW of 449 and 587 kgsms-a feature cow for his type and production teams.
