Semen Fee

A semen fee applies when semen is sold from a proven bull. There are options available to buy out from the semen fee before the proof of a bull is known. Note: When a bull is registered after 1 October 2000, it is a condition of the registration service that any semen fee obligations that may subsequently arise will be paid to Jersey New Zealand. Where registered bulls are sold for semen production, they should be sold on the basis that the semen fee obligations transfer to the owner.

Timeline example for semen fee and associated buyout options

Yr	Event for bull	Typical timeline	Semen fee and buy	Buy out deadline
1	Bull born	April - Sept	N/A	N/A
	Early registration	Nov - March		
2	Semen distributed	Sept - Dec	Early buy out - \$120	31 March
	Early buy out?	Jan - March		
3	Daughters born	July - Sept	Late buy out - \$225	N/A
	Late buy out?	All year		
4	Daughters mated	Sept - Dec	Late buy out - \$225	31 March (deadline)
	Late buy out?	By March		
5	Daughters calve	July - Sept	Semen fee applies at 20 cents per straw capped at \$7500 pa once bull has proof $\geq 60\%$ reliability	

Note:

1. The semen fee and associated buy out options apply to bulls registered after 1 October 2000.
2. If a buy out option is not used the semen fee is payable on semen sold once the reliability of the bull's BW is 60% or greater.
3. It is the responsibility of the bull owner or semen marketer to apply to use a buy out option before the deadline date.
