VENDORS FOREWORD

RIVERINA JERSEY LTD – WARREN, LOUISE, JORDAN AND LIAM BERRY

Welcome back to Riverina for our second sale.

The bulls are bigger and better than ever (weights will be on BIDR a week prior to sale).

At Riverina we milk 700 cows, and we have started split calving (150-550) to reduce workload in the Spring as we are both very much hands on. The farm is 440ha (1000 acres) and is run as a self-contained farm with all youngstock remaining on farm year-round.

This year has been a very good year for Riverina genetically with Riverina Castro ET (321951) sitting at 418BW. Castro is the 10th highest Jersey bull on NZAEL and in late September he will be eligible to be on the RAS list, he will sit at No 6 on the Jersey list and is currently marketing by St Genetics at \$22.00 a straw (contact your nearest agent).

Presented for sale will be a good mixture of mainstream sired bulls, overseas, polled and unproven bulls. We will also be auctioning a "Slick"

bull (looks like a purebred jersey) possibly the first to be sold in NZ. Slick gene is heat tolerant and tick resistant.

Some dams and granddams will be available for viewing on the day as well as Castro daughters and some new season bulls from Matriarch including Riverina Cosmo, Stoney Creek Salubrious and Ellisons Marcus Lauren.

Bulls can stay on farm until purchasers require them.

Farmlands will be providing lunch on the day.

The Berry family would like to thank all bidders and buyers for attending this year's sale and wishing you a successful mating.

AGENTS FOREWORD

LUKE GILBERT & MIKE MCKENZIE

Welcome to the Riverina Yearling Jersey Bull Sale.

With the current nationwide shortage of dairy cows and young stock, the demand for quality genetics has never been higher. This sale offers dairy farmers a valuable opportunity to secure bulls that will not only bring reliable calving ease on heifers, but also give them fully recorded, high-performance calves on the ground.

We are proud to present this exceptional line-up of fully recorded, well grown, Jersey yearling bulls, bred from a high-indexed herd renowned for its strong conformation and performance on an incredibly hard

farm. These bulls are the result of years of focused breeding on a hard-working farm where only the most fertile, structurally sound, and productive animals thrive.

Carrfields Livestock could not be prouder to be involved in the sale and would like to thank all of the purchasers and wish them all best in their future endeavours.

Luke Gilbert & Mike McKenzie
