Foreword

Welcome to Brooklands Jerseys 3rd bull sale.

This year we have fewer bulls and have tried to really drill down on quality. The bulls are looking exceptional and are vaccinated, semen tested and ready for mating.

Although it is our goal to produce high index heifers as replacements for our herd, this cannot be at the expense of type and conformation. As part of this we classify all two and four year old cows and breed only from the best with a strict culling policy for those that don't meet the standard. We use breeding values as well as phenotype to select matings with the hope of creating cows with longevity and production.

Included in this year's catalogue we have bulls from contract cows. Some of the bulls are sired by high BW daughter proven bulls as well as some of the latest genomic bulls.

We also have bulls from excellent classified dams as well as several sons from the CRV bull Charnock who is by far the trait leader for dairy conformation.

It is a privilege to offer these bulls to the market

*These bulls
are ready to go!*

COMMENTS: Upland Park Brooke was purchased at the final Upland Park dispersal. The Upland Park Beauty Family goes back to Jersey NZ hall of fame inductee Big Hollow Omans Beauty. Recognized as one of the greatest Jersey cows in New Zealand. Bravado also hails from one of the best cow families going around Lynbrook Star Bowie having several sons entering sire proving.

COMMENTS: Another big Charnock son this time out of a high BW Labyrinth daughter. Labyrinth daughters were the highest producing 2 year olds here last year. Ayra was a bit hard done-by when classified last year and I think will score much higher next time

COMMENTS: I am so impressed with our Hoss daughters. Even more dominant as they get older. We have a number that will hopefully develop into great matriarchs. Good out cross bull
